Get back on the road.

WHAT TIKD DOES

Once you pay TIKD, nothing else is required from you. Get on with other things while TIKD hires a qualified attorney on your behalf to challenge your ticket.

We pay the attorney costs for you, take care of all paperwork and track the progress from start to finish.

No hidden fees, no fine print. No asterisk TIKD covers all costs associated with the process, including tines and court costs, no matter what they are, with no exceptions.

TIKD protects you from possible outcomes. If there are additional costs associated with your ticket, TIKD pays them for you.

If at the end of the process you still have points, TIKD not only refunds what you paid us, we also pay your ticket for you.

HOW CAN TIKD DO THIS

IT WORKS BECAUSE OF THREE BASIC PRINCIPLES:

We already know what's going to happen. Maybe not with your particular ticket, but on average. Many tickets that are challenged are either dismissed or result in reduced fines.

Since TIKD handles so many tickets, we know with a pretty high degree of certainty what is going to happen to a particular type of ticket, and therefore how much it's going to cost us.

THE LAW OF LARGE NUMBERS Because our cos

Because our costs are lower than the average line amount we're able to cover the cost of the attorney for you.

Since we handle so many tickets, we are able to negotiate better rates with lawyers.

ECONOMIES OF SCALE

We also have lots of awesome technology in place that allows us to efficiently process and monitor large numbers of lickets.

Use BetterPay to pay over time.

Is TIKD a law firm?	\ominus		
No, TIKD is NOT a law firm and does not provide legal advice. TIKD provides you with a more convenient, more cost-effective alternative to hiring your own lawyer or using a lawyer referral service. We do this by giving you access to a traffic ticket lawyer at a pre-negotiated rate that is always going to be cheaper than hiring your own lawyer, directly from your phone in two minutes or less. TIKD does not participate in the attorney client relationship and, if you choose, TIKD does not communicate with your lawyer regarding the legal aspects of your case.

If you use TIKD, you're always going to be better off than if you choose to simply pay you fine and not challenge your traffic ticket – even if your case is not fully dismissed. Why? Because you're still going to benefit from TIKD Points Protection – our 'no points or your money back' guarantee. That means if, at the final outcome of your case, you're still awarded points on your license, we'll not only give a full refund, but we'll also cover all associated with your ticket. So simply put, if you lose your case, you'll have paid absolutionathing. It's a win-win situation.	costs

Taking action on your traffic ticket is your right. By doing so you're simply asking the Coumeet their obligation of proof of guilt.	rt to	
Our experience is that most people do not fully understand the negative effects of gettin traffic ticket.	ga	
Not only do you have to pay the fine amount, but you will very likely see increases in your insurance premiums of around \$1,000 over the next three years. Not to mention, having a traffic ticket on your driving record increases the fine amount of any future traffic tickets you might receive.		
TIKD takes the risk out of the process of taking action on a traffic ticket and enables you exercise your rights hassle free all while saving you money.	to
